

Trends in oncosurgery

Symposium with international participation

Venue: Central Military Hospital, Prague 6

Date: March 13. – 14., 2014

Program

March 13, 2014

8.00 – 9.00 Registration

9.00 – 9.15 Wellcome addresses

Trends in liver surgery for mCRC

Moderators: Třeška V, Zavoral M

9.15 – 9.40 Suchánek Š: State of the Art Lecture: Screening of CRC

9.40 – 10.00 Ryska M: Trends in current therapy of mCRC

Ryska M: Introduction of Professor Henry Bismuth

10.05 – 10.35 Bismuth H: State of the Art Lecture: Safe, Safer, Safest - has liver resection evolved to a standard procedure?

10.35 – 10.55 Třeška V: Trends in the improving of liver resectability

11.00 – 11.20 **Coffee break**

Moderators: Krška Z, Pantoflíček J

11.20 – 11.40 : Trends in imaging techniques mCRC

11.40 – 12.00 : Trends in laparoscopic liver resection

12.00 – 12.20 Pantoflíček J: Surgery for non-CRC liver metastases

12.20 – 12.40 Krška Z: Trends in the alternative techniques

13.00 - 14.00 **Lunch – B. Braun symposium**

Moderation:	Žaloudík J, Petruželka L
14.05 – 14.45	Petruželka L: Trends in perioperative and adjuvant therapy of mCRC
14.50 – 15.15	Žaloudík J: Parametric control outcomes on the therapy of mCRC
15.20 – 15.35	Pudil J: Preliminary results of ongoing multicentric study IGA NT 13660
15.35 – 16.30	Langer D, Menclová K: Case reports - presentations (with vote system)

Paralel: Training on simulators of laparoscopic surgery – Kalvach J

March 14, 2014

8.00 – 9.00 Registration

Trends in pancreatic surgery for cancer

Moderators: Kala Z, Frič P

9.15 – 9.40 Bunganič B: Pancreatic cancer and diabetes

9.40 – 10.00 Ryska M et al: Pancreatic cancer in high volume centers – survival case multicentric study in Czech Republic

Ryska M: Introduction of Professor Jacob Izbicki

10.05 – 10.35 Izbicki J: State of the Art Lecture: Limits or no limits in surgery for pancreatic cancer

10.35 – 10.55 Skalicky P, Lovecek M: Trends in technical aspects of pancreaticojejunal anastomosis

11.00 – 11.20 **Coffee break**

Moderators: Zonča P, Hoskovec D

11.20 – 11.40 Hlavsa J, Kala Z et al: Leeds protocol – trends in pathological examination

11.40 – 12.00 Záruba P: Trends in preoperative staging of pancreatic cancer

12.00 – 12.20 Zonča P: Trends in laparoscopic pancreatic resection

12.20 – 12.40 Čečka F: Complications of pancreatic resection

13.00 - 14.00 **Lunch – J and J symposium**

Moderation: Petruželka L, Záruba P

14.00 – 14.20 Petruželka L: Trends in neoadjuvant chemotherapy

14.25 – 14.55 Hoskovec D, Záruba P: Preliminary results of ongoing

multicentric study IGA NT13263

15.15 – 15.30 Nikov A, Kunstová K: Case reports - presentations
(with vote system)

Paralel: Training on simulators of laparoscopic surgery – Kalvach J
